Pump & Valve

Pipe & Processing

Waterchemm

Drink Tech

Wastewater Tech

Organizer :

Supported :

Kementerian
Pekerjaan Umum Dan
Perumahan Rakyat

Indonesia Water & Wastewater Expo & Forum (IWWEF) is the biennial event of Indonesia Water Supply Companies Organization (PERPAMSI), namely the largest water user organization in Indonesia with endorsement of the ministry of public work & housing, and the ministry of home affair of the republic of Indonesia, where Perpamsi members are over 450 water supply companies (PDAM) of all Indonesia and local water industries.

Indonesia is the largest country in the Southeast Asia region, with its rapid infrastructure growth and industrial development, making global industries interested in developing their business networks in Indonesia.

IWWEF 2019 is the entrance for international water & wastewater industries into the Indonesian market, to meet and achieve business transactions from PDAMs (Members of Perpamsi) and water users from various industrial sectors, and open networks with prospective distributors as business partner in Indonesia

Thank you

WHY JOINING IWWEF??

- IWWEF is the only water event in Indonesia, which brings together water users directly with the water technology industry
- By participating in IWWEF 2019, you will immediately find out information about water technology needed by the water users in Indonesia, including PDAMs as the largest water users in Indonesia
- The opportunity to open networks with prospective distributors to welcome a business partner in Indonesia
- Only in IWWEF 2019, you can meet directly with PDAMs (Member of Perpamsi) as the largest water user in Indonesia and the ministry related to regulation of drinking water in Indonesia.
- The opportunity to conduct a business meeting/one on one with PDAMs (Member of Perpamsi) and water users from various industrial sectors
- Opportunity to participate in the Indonesia Water Forum

MESSAGE

Mr. Haris Yasin Limpo
The President of PERPAMSI
Indonesia Water Supply Companies Organization

We proudly hold again the 8th IWWEF 2019, that will take place on September 18 to 20 2019, at the Jakarta Convention Center.

IWWEF is a PERPAMSI event held every 2 years, with various program agenda in it, namely Water Forum, Exhibition, Business Meeting, Networking Dinner and Workshop & Product Branding.

Various regional issues and digital technology development will be discussed in the Indonesia Water Forum, which will be attended by the entire PDAM (Water User) around Indonesia, the ministry related to water regulation and regional government, practitioner & expert and water industry.

It is hoped that through this 8th IWWEF 2019, water supply companies (PDAM) of the member of PERPAMSI get knowledge and solution to develop its business management in entering the industrial era 4.0.

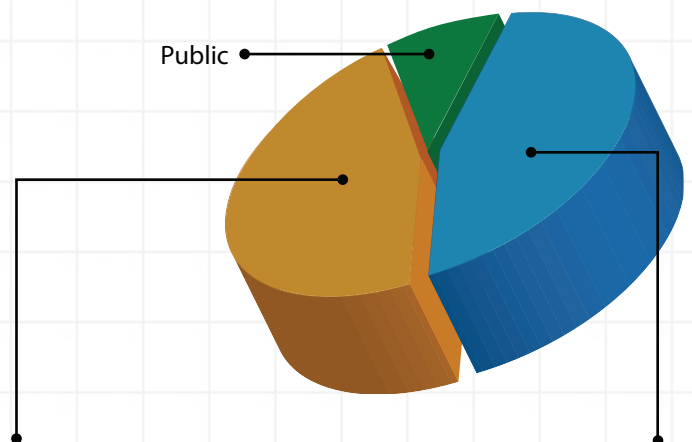

Thank you.

WHO'S VISITOR ??

EXHIBIT PROFILE

- Water Resource Management
- Municipality Water Management
- Wastewater Treatment & Management
- Industrial Water and Waste Water Treatment
- Ultra Pure Water
- Bottled Water Production
- Sewerage
- Irrigation
- Rainwater Harvesting Technology & Management
- Particle Separation
- Floatation Equipment Technology
- Disinfection and Bio-Pollutants Technology
- Nutrient Removal and Recovery
- Water Re-Use
- Particle Removal Technology
- Residual Treatment and Sludge Thickening
- Resources Recovery
- Natural Treatment System
- Clean, Green and Sustainable Water Technologies
- Pipes
- Pumps and Lifting Tackle
- Valves and Fittings

Public

Conference Delegates

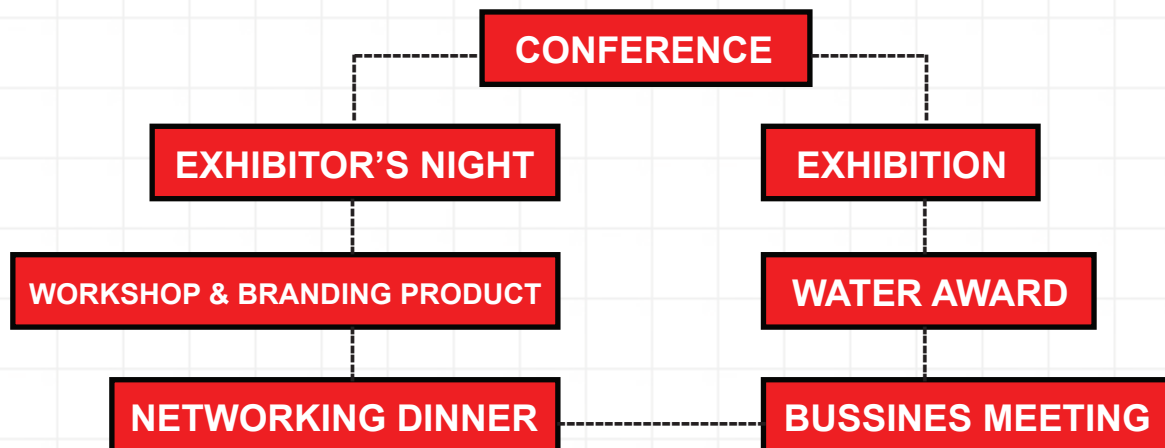

- PDAM
- Local governments
- (Province, Regency & City)
- Government officials
- Private water companies
- Academics and Practitioner of water
- The Ambassador from many countries
- Foreign water association
- Public

15 Different Industries by direct mail :

- Developer Building & Construction
- Textile, Garment, Leather & Footwear
- Air conditioning & Refrigeration
- Cosmetics & Pharmaceutical
- Engineering Consultant Services
- Electrical & Electronic
- Food & Agriculture Product
- Petrochemical oil/Gas
- Auto parts & Components
- Iron/Steel metal/Machine Manufacture
- Education Institute
- Plastic & Rubber
- Pulp & Paper / Printing & Packing
- Government Agencies
- Others

PROGRAM ACTIVITIES

PRODUCT'S GROUP

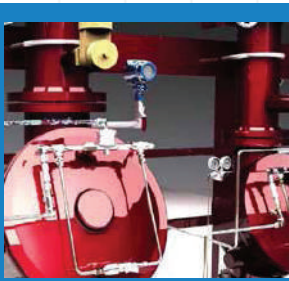

WATER RESOURCES, WATER ECOLOGY AND ENVIRONMENT

- Water resources development, utilization and protection
- Seawater desalination and utilization
- Rainwater harvesting and storm water utilisation
- Groundwater and surface water resources comprehensive utilisation
- Water well technology and equipment
- Middle and small watershed management and water ecology
- Channel desilting and dredging equipment
- Sediment research
- Ecological slope protection technology
- Water ecological restoration and regeneration
- Soil and water conservation

WATER BUSINESS

- Water service provider (investment, engineering and consultation, etc.)
- Water supply technology and equipment
- Reclaimed water recycling utilisation
- Wastewater treatment technology and equipment

WATER CONSERVANCY

- Water and electricity technology and equipment
- General construction machinery
- Water conservancy machinery
- Parts and service providers equipment
- Drought resistance technology

WATER INDUSTRY EQUIPMENT

- Pumps, valves, pipes and fittings
- Pipeline inspection, repair and trenchless technology
- Disinfection technology and equipment
- Ultraviolet irradiation device
- Sludge treatment and disposal

WATER INFORMATION, AUTOMATION AND APPARATUS

- Water quality analysis, instrumentation
- Automation system
- Measuring apparatus and meter
- Online monitoring system
- Water treatment process control
- Data process
- Information management

MEMBRANE AND WATER PURIFICATION

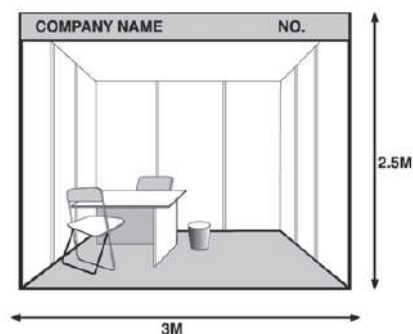

- Membrane and membrane modules
- Membrane raw materials and auxiliary equipment
- Membrane separation plant complete equipment
- Membrane related equipment
- Materials, testing device
- Water purification equipment

FLOOD PREVENTION AND DROUGHT RESISTANCE

- Water saving and irrigation
- Disaster forewarning and post-disaster reconstruction technology
- Urban flood control, drainage technology
- Levee, seawall emergency rescue and disaster relief technology and equipment
- Urban water logging emergency rescue and disaster relief technology and equipment
- Drought resistance technology

Cost of Participation

\$ Overseas Exhibitors = USD 400 / sq.m excluded Tax
Rp Domestic Exhibitors = IDR 5.000.000 / sq.m excluded Tax
Include of :

- Needle punch carpet
- White polyester laminated for backwall and two (2) sidewalls, fascia board
- Adhesive vinyl lettering for exhibitor's name booth number on the fascia board
- 2 Nos Fluorescent lights (40 watts)
- 2 Nos Folding chairs
- 1 Reception Desk
- 1 Electric power with 4 Amp Single phrase
- 1 Trash bin

Your **Presence**
will enhance your
Global
brand recognition
